

Transform Your Garage

Helping to build a better space with custom garage cabinets, floor coatings & storage accessories

There's Organizing. Then There's Transforming.

Carolina Garage Company created a cabinet system for the homeowners who embrace and demand seamless beauty, effortless longevity and unlimited possibilities.

We're not just about reducing the clutter and getting organized. We want to make a statement and transforming your garage into a space that becomes an extension of not just your home, but also your personality and lifestyle.

No other garage storage system offers the style, durability, and design options that you will find with the Carolina Garage Company. With over 250 cabinet design options and 11 premium stylized powder coat finishes, your space will be the envy of the neighborhood.

We want to help you make the most of your organized living and create a garage space you will be proud to show off...a space with style... a space that makes a statement about you.

Make your garage transformation a great one. Contact your authorized Carolina Garage Company dealer today to set up a free consultation.

Design Features

The Carolina Garage Company is committed to providing the best in quality and craftsmanship along with a versatile selection of design features that add durability and style to your garage.

- The state-of-the-art wood powder coat finishes are an exceptionally durable finish that creates a seamless, moisture resistant shell around the doors and drawers.
- The Multi-ply 5/8" dovetail drawer boxes are prefinished with a durable UV clear finish.
- The wall hung, off-the-floor design eliminates the threat of moisture 'wicking' up from the floor and allows for easy cleaning under your cabinets.
- The stainless steel hardware and heavy duty brackets are designed to withstand the extreme environments of the garage.
- Choose from our maple butcher block, durable powder coat, stainless steel, or laminate work surfaces to best fit your countertop space.
- With three cabinet colors and eleven powder coat finishes from which to choose, you will find the perfect color combination to fit your exact style.

Carolina Garage Company uses the latest advancements in finishing technology to provide a garage system that is unique in style and sure to last for the lifetime of your home. Only a handful of companies throughout the U.S. have the capability of creating this durable finish.

The protective powder coating provides a seamless moisture resistant finish that can withstand the extreme garage environment. This protects against high humidity, temperature fluctuations, spills, and everyday use. It out performs paints, foils, and laminates and is resistant against chipping, denting, and delamination.

With 11 premium stylized powder coat finishes, you can mix and match color combinations to fit your favorite sports team, motorcycle, or automotive passions. Carolina Garage Company can help you design a space to fit your lifestyle and hobbies.
